THE ELEVENTH ANNUAL REPORT  
OF THE  
*Woman's Christian Association.*

---

In the annals of this Association, the year just finished will ever be considered a "red letter year," for it was during it the debt on the Hospital was paid.

Many who have been associated with us in the work, will remember that when the building was completed, it had to be mortgaged to the amount of \$4,000, payable at the end of four years. Nearly one half of this was paid in the first two years, and through the kind efforts of Mr. Jamieson who made a strong appeal in the columns of the *Intelligencer*, in May, 1889, the remainder was subscribed for, and this year we have the great satisfaction of being able to announce that the Hospital and Home stand to-day free of debt. The \$500 promised by the County Council and the majority of the subscriptions were given conditionally on the whole amount being raised by the 21st December, the day upon which the payment of the mortgage fell due. As the time approached, much anxiety was felt, for fear the sum required would not be forthcoming. A special meeting of the W. C. A. was called to consider a very kind offer of Prof. Dyer to give an entertainment in aid of the fund, and to endeavour to make one Grand effort to meet the emergency, but what was to have been an anxious meeting of a committee on Ways and Means became one of heartfelt thanksgiving to God, for it was found that through the munificent generosity of Messrs. Rathbun, of Deseronto, the liberality of the City Council and private citizens more than the necessary amount had been subscribed.

After paying the debt the balance was used in supplying a long felt want, namely, a driving shed for the shelter of the Physicians' horses.

Since October last, 137 patients have been treated in the Hospital, an increase of 27 over last year, and 51 over the number admitted the first year, showing that it is becoming yearly more appreciated. The inmates of the Home have numbered 14 during the year. At present there are 11—9 women, 2 men.

In January last, Miss Lincke, the Lady Superintendent since the opening of the Institution, resigned her position, to the regret of many. Assuming the position when the Hospital was still in its infancy and not fully equipped, too much praise cannot be bestowed upon her for the patience displayed under difficulties and the thorough manner in which she discharged her duties, and the Association gratefully acknowledge that to a great extent she was instrumental in making the Hospital a success. Miss Gordon, a graduate of the Toronto school for nurses and who possesses very high recommendations, was appointed to the office, and has proved a zealous, efficient and conscientious Lady Superintendent, and has given the greatest satisfaction to both Physicians and Hospital Board.

Every year since the opening of the Building we have endeavoured to make as many improvements and additions as our funds would permit. We have to report that this year, besides the driving shed already mentioned, a spacious ice house has been built. A portion of the unused wing has been fitted up as an Isolated Ward, the money required for this purpose being the proceeds of an entertainment, called the "Temple of Fame," given in the Opera House in May last. The undoubted success of this was due to the good taste and untiring energy of Mrs. Geo. Hope, assisted by those who so ably took part, to whom the Association extends its warmest thanks. Through the generosity of Mr. A. Allan of Glasgow, a complete set of splints and fracture bed have been purchased.

The work among the poor of the City has been faithfully carried on by the Committees appointed to the several wards, each one endeavouring to attend impartially to her share of the work. Owing

the prevalance of La Grippe last winter their labours were much increased, and for the first time since assuming the responsibility of disbursing the Indigent Fund, the Association has been unable to keep within the amount granted by the City Council for the relief of the poor. 77 families have been aided, 26 persons received treatment in the Hospital.

The expenditures has been as follows :—Wards, \$1,092.56 ; City poor in Hospital, \$184.00 ; Undertaking, Funerals, \$56.50 ; Xmas beef, \$41.05 ; Passes, \$2.50. Total \$1,376.61.

The monthly subscriptions of this year have amounted to \$286.90, boxes, \$24.75, as against \$380.35, boxes \$29.20 of last year. Perhaps the subscribers of this fund think that now that the debt has been paid, the Hospital has no further need of their assistance, but if they will kindly read the Treasurer's Report they will see that the Institution depends to a great extent on private subscriptions. We hope that the Collectors will meet with a hearty response. The Association has been deprived of two warm friends, in the persons of Mr. and Mrs. Boyce, who have moved to Toronto. In Mrs. Boyce we have lost a zealous worker ; in Mr. Boyce, one of our Auditors, to whom the Association is greatly indebted for his disinterested kindness, and his many valuable suggestions regarding the systematizing of our books.

A full list of subscriptions to the Debt Fund, among which will be found a liberal one from the Amateur Minstrels, together with all contributions in money and kind, will be found enrolled in the Annual Report. The Association take this opportunity of thanking the contributors of the above for their generosity, and all who have shown an interest in this work ; the Clergymen of the city who have conducted service at the Home every Sunday in their turn ; the Physicians for attending the sick ; the Members of the Young Girl's Flower Mission for their gifts of fruit and flowers and delicacies ; the Members of Mr. T. S. Clarke's Bible Class for so kindly remembering the inmates of the Hospital and Home at Easter, the Members of the Y. P. C. A. of Bridge St. for supplying the patients with reading matter ; the market gardeners for their supplies of vegetables.

It is with deep gratitude to our Heavenly Father, that we review the work of the past year, and recognize his hand guiding and blessing our efforts. Let us go on with renewed energy praying that the same loving care will be with us, and that the success that has attended our efforts in the past will be with us in the future.

Respectfully submitted,

CHARLOTTE E. BELL,

Secretary, W. C. A.

## AUDITORS' REPORT.

---

*To Mrs. M. W. Maclean, President Woman's Christian Association  
Belleville.*

MADAM,

We have audited the books and accounts of the Woman's Christian Association for the year ending 7th October, 1890, and can bear testimony to the business-like manner in which the various departments are managed.

The Treasurer's books have been carefully checked, both as to receipts and expenditures, and we find them carefully and neatly kept.

We have also checked the books and accounts of the Supply and Home Regulation Committees, and can report that these important departments are well looked after.

The Ward Books have also come under our supervision, and statements showing the expenditures in the different wards have been presented to us. We feel assured that the City owes a debt of gratitude to the ladies who have charge of these organized charities.

It is a matter for congratulation that the Mortgage of \$2,180 has been wiped out. Much credit is due to the ladies for their efforts in this direction, as well as to Mr. Jamieson, who so kindly and energetically lent his influence to the removal of the debt. Let not those, however, who have assisted the Hospital in the past, think there is nothing more to be done, but let them continue, as heretofore, to support an Institution so successfully managed and so useful to the community.

We are pleased to notice that an Isolated Ward has been furnished during the year. It will doubtless prove of great value in cases of fever and other contagious diseases.

We append a statement of the receipts and expenditures for the year.

We are, Madam, your obedient servants,

T. S. CLARK,  
R. T. MUSSON, } Auditors.

Belleville, Jan. 6, 1891.
